

About Me

- ☎ 0387917290
- ✉ truongphuoclp93@gmail.com
- 📍 Tan Phu, Ho Chi Minh City

Summary

I am a fresh graduate with strong basic knowledge in analysis, design, object-oriented programming, and database design. Since I'm new, experience is my weakness. However, I believe that my eagerness to learn and my capacity for hard work will enable me to finish projects and accomplish my long-term goals.

Skills

- **Programming Languages:** C#, .NET, Java
- **Frameworks & Libraries:** Angular, Flutter, Bootstrap
- **Databases:** MS SQL Server, MongoDB, Neo4j
- **Project Management:** Git, GitHub
- **Soft Skills:** Time management, teamwork, self-learning

Trương Phước

Education

HCMC UNIVERSITY OF INDUSTRY AND TRADE

Information Technology 2021 - 2025

Experience

POSITION: DEVELOPER INTERN

10/2024 - 02/2025

COMPANY: DE NHAT 5 STAR

Main duties:

- Developing a company website related to the VISA application.
- Coordinating with the team to complete the direct manager's tasks.

Projects

Fashion Shop Management System (09/2023-10/2023)

Developed a desktop app for managing a fashion shop with user authentication, product/invoice management, and statistics. Built using C# and SQL Server, focusing on UI and core business logic
